Editorial

Alankar P.G. Girls college, Jaipur which runs under the banner of Alankar society for higher education was established in 2006 with a motto "educate the girl child to brighten the future of the country". The quotation given by JawaharLal Nehru, "Educate a man and you educate one person, but educate a woman and you educate the whole family", and to prove this quotation, we are working on the upliftment of women in the society through education and our endeavor is to soothe our girls to groom and fulfill their dreams in the society. The institution has a qualified and dedicated faculty and well-equipped laboratories, library and other facilities to sharpen the knowledge and create high valued standards. Games and sports activities are also an integral part of the college curriculum to ensure the overall development of students.

Education at college prepares our girls for an unpredictable future, not by training them for particular careers but by teaching them how to strive and confronts with the challenges of 21st century.

The campus combines the beauty of the rural landscape and architectural masterpiece of Jaipur with all modern facilities. The silent, peaceful and tranquil atmosphere, totally pollution free eco-friendly environment makes it an ideal place of learning. The college strives hard to develop a true sense of liberal toleration in its students towards all the religious, social and ethnic beliefs and background of every individual without any distinction of caste, colour and creed. At present, 4000 girls have been registered in our college and 2/3rd of them have scored almost 70% to 80% in their university exams and the highest scorers have 92% to 93% marks in their subjects.

We assure with full confidence that the decision of any student to take admission at "Alankar P.G. Girls College" will definitely be the first step towards the conversion of their dreams into reality. We do assure every student and parent for our best dedication, attention and extreme personal care.

At the end, the college has young, energetic, qualified and dedicated faculty, who strive hard to take this college to the zenith.

Wishing you a bright future, success and prosperity in life

Regards
Principal
Dr. Kusum Chaudhary
